

22nd September 2017

Dear Parent(s)

Year 10 Information Meeting: Tuesday 26th September 6.00-7.00pm

I am writing to remind you of the details of the Year 10 information evening next week.

The purpose of the meeting is to help pupils achieve as well as possible at GCSE by explaining in more detail how you can help your son with the demands of, and preparation for, the important examinations he will sit at the end of the year. As you may know, examinations have changed in the course of the last two years and are quite different now to ones you may have been familiar with if you have older children. The evening will consist of a series of short presentations covering the following areas:

- Revision/Study methods
- Examination procedures
- Presentations by the Heads of Maths, English and Science about specific revision methods and how you can support your son in these subjects.

There will also be an opportunity to speak with staff about these issues.

Revision materials will be available for you to purchase on the evening and can be purchased using cash or cheque only.

It is important that your son accompanies you to the meeting as success in public examinations very much depends upon the partnership between the school and families.

I look forward to seeing you on Tuesday.

Yours sincerely

Mr G Flowers

Head of School

...LIFE
IN ALL ITS
FULLNESS
